Dear Friends, Trauma and Emergency surgeons

Which is the living being that brutally disfigures his kinds?

Which is the living being that burn alive his kinds?

Which is the living being that glorifies hate and discrimination?

Which is the living being that worship death and suffer?

Yes my friends, this is a HAMAS associate and supporter.

On 7th of October of 2023 the state of Israel was attacked by inhuman creature that compos the HAMAS organization, a direct extension of ISIS (Islamic state of Iraq and Syria). Extremists, cold-blooded murderers invaded our homeland. They carried out a deadly, brutal ineffable violent attack on our people.

Children were shot dead in front of their parents.

Parents were tortured in front of their children and then killed.

This resulted in 1300 death and 3800 injured. The endless count is still going.

Looting, humiliation of the corpses, raping of women, beheading of children are only some of these brutal assailants' acts.

More than 200 Israelis were kidnapped including children, elderly, disabled, entire families and injured.

The true face of HAMAS which we always warned about is now unmasked.

HAMAS is ISIS, ISIS is HAMAS.

With sweet talks, manipulations and deception HAMAS manipulated even the most seasoned nations.

People around the globe were manipulated against Israel, a peace seeking nation.

For the non-Israeli the conflict with the HAMAS organization seems to be an only local conflict that needs to be solved as such. Israel is always held as the offender and human rights suppressor.

Israel will stand as bulwark against ISIS.

Please be aware that ISIS ideology is already in your backyard.

Stand with us against ISIS/HAMAS

Yoram Kluger, MD
